Discover the AQUATOP's Recife Euro Round Corner 50-Gallon All-in-One Reef Aquarium System. This kit comes with all essentials for creating an ideal habitat for marine life, featuring a Multi-stage Filter Box for seamless filtration and unobstructed viewing. The filter box includes a dense sponge block and trays of specialized filtration media, including carbon-infused media for removing impurities, Phosphate & Nitrate removing media, and biological filtration media. The kit also includes a programmable SkyAqua Pro LED light, nano protein skimmer, and submersible pump. Choose from Black or Gray matching curved corner cabinet stands. A 200-watt heater is a recommended addition.
